## To The Public

I have secured the best pasture in Eagle Valley for this season, and will take milk cows at \$3 cash, per month. No extra charge for driving stock. I respectfully solicit patronage and I guarantee satisfaction. D. S. ULLMACK. m26

Sandrock and Millard, practical plumbers and gasfitters, have opened a shop in Dick Mills' old stand South Carson St., and propose to do all work in their line at prices so low that you don't have to mortgage your property to pay them. Stoves and ranges and all kinds of tinware on hand, at very reasonable rates. Razors and scissors sharpened. j31tf

D. M. Bull, the inventor of the famous Reciprocating Lever Wheel now built at Verdi, has his invention well under way and expects to have it whirling in about six weeks. When he sells 150 shares of stock there will be no more for sale at any price. He will remain in the city a few days. 1w

Golden has secured a first-class watch-maker and jeweler, who worked for Geo. C. Seives & Co. for years in San Francisco. Take your watches and jewelry there and have them repaired right.

A. Livingston now practically controls the wholesale liquor trade of the city. He is continually adding to his stock and sells only standard brands. He is also introducing some excellent California wines to the people of Carson, as well as foreign and domestic cigars of the finest quality. Drop in and inspect his holiday stock. d 13 tf

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic and is the best remedy for diarrhoea. Twenty five cents a bottle.

WANTED—Few more members for the Watch Club, at Frank Goldens. Commences May 1st. a7tf

## ALL SORTS.

C. B. Zabriskie, of Candelaria, is in town.

H. A. Mason has gone back to the Truckee Republican, and ought to pick it up again.

The Silver State, always a live and independent newspaper has turned another volume.

Yesterday the Holmes mine at Candelaria, shipped fourteen bars of bullion, valued at \$17,536.

About one hundred men are at work in Bodie. Business is picking up and the camp has a better outlook than it has had for several years.

Mr. Quill's house at the northern part of the town has been purchased by George Cagwin and is being moved to the scene of the late fire.

P. T. Barnum the greatest showman that ever lived is dead. He was a good old man and can get to heaven without crawling under the tent.

Mr. H. McComly is the agent for Barnum's book "Dollars and Sense." He is canvassing Carson for the book and now that Barnum is dead, it ought to give the work increased interest.

Miller & Co. have received another lot of new furniture of the latest style of modern patterns known to the trade. Furniture has never been so cheap in Carson as since Miller & Co. opened their establishment.

A petition is being circulated that the electric light at the Bank be paid for by the city. It has heretofore been paid for by the business houses in the immediate vicinity. The petitioners hold that it is unfair to make business houses pay for electric lights in the center of the city when lights in front of private residences at the outskirts of the town are paid for out of the city treasury.

"Si Plunkard" a comedy-drama in 4 acts in which is introduced several novel mechanical effects is underlined for its appearance at Opera House Tuesday April 14. Farmer J. C. Lewis, who is a versatile actor of great ability, assumes the title role, and will no doubt prove an excellent "SI." Mr. Lewis' supporting company is a good one and the play should be presented to a large house.

Reserved seat sale now open at Hawkins' Cigar Store. Secure seats early.

## Evading the Duty.

The Tombstone Prospector says: Since the duty on eggs has been the rule many devices have been thought of for manufacturing them. The idea of a Nogales man is, however, the only feasible scheme up to date. His proposition is to feed hens on the cheap grain of Mexico, and have them lay in the United States. For this purpose a long building will be placed on the line, half in Mexico and half in the United States. They will feed and water in the Mexican end, and when they want to lay they go to the further end of the building, and in that way escape paying the duty. The proprietor of this enterprise came from Maine.

For the next 60 days I will sell Merchants Pipes, Brier Pipes and all other kinds for cost; also Knives, Razors, etc. I have a small line of stationery which will be sold for cost. I have 30,000 cigars that I will sell at wholesale prices by the box; also 300 lbs. of smoking and chewing tobacco and many other things too numerous to mention.

My goods will be all marked so that all will be treated alike. Goods must be sold; come one come all. m14 G. S. HAWKINS.

Mrs. Dr. Winzell, the Electrician who visited Carson last Winter, is again permanently located in San Francisco, at the Science Building, 819 Market st., room 40, where in connection with her electrical treatments she has Electric Baths and all the latest appliances for the use of electricity as a curative agent. a7 1w

## Only a Bluff.

In Tuesday's Tribune an offer was made to wager a sum of money on a tax proposition with the APPEAL.

The APPEAL offered to make the bet for any sum our twilight contemporary was willing to name, and a time was set yesterday for Mr. Parkinson to call and put up. He failed to materialize as a matter of course although the man and the money was at the APPEAL office to meet his proposition. We understand that he has conscientious scruples against betting—unless he has a sure thing.

## Cohn-Lewis.

The APPEAL acknowledges the receipt of the wedding cards of Abram Cohn and Mrs. Clarisse Lewis.

The ceremony was performed at Trinity Church San Jose by Rev. C. O. Tillotson, April 8th, 1888. The office is also several bottles of wine ahead and drinks success to the happy couple.

## Notable Wines.

The New York Sun of March 21st, has the following:  
 At a recent dinner given by Mr. Thomas Shirley, at Delmonico's none but California wines were drank. It is the custom of New Yorkers to turn their noses up at California wines, but on this occasion they emptied several dozen bottles before they realized what they were about.

Out of five brands of this wine the palm of superiority was awarded by common consent of the guests to Cyrus Howes, of Mountview. The only thing approaching it in flavor and vinosity was Jacob Shram's white wine from St. Helena.

There was also a delightful Sautern from Chas. Whitman's vineyard at Livermore, and a magnificent red wine from Poutal's vineyard. If these makers continue to keep their wines up to the standard, they can depend on large New York orders.

## Queer Journalism.

When one paper in San Francisco digs up an item of extraordinary interest the other papers absolutely ignore it.

The mysterious incidents connected with the death of Col. Deane is being very extensively treated by the Examiner and the whole town is agog.

The other papers take no notice of it whatever.

This is absurd. The way to publish a paper is to run it as if there was no other sheet within a thousand miles of you.

## Playing in Luck.

Bishop Whitaker married a Society couple in Philadelphia a few weeks ago and the wedding fee was \$10,000.

Rev. W. R. Jenvey formerly of Reno has also struck it rich in Hoboken. The Easter collection was \$10,500.

The Gazette speaking of this, incident, remarks:

"Some of these figures ought to remind him of Reno."

Yes indeed, the last two noughts.
